1. This Office Action is in response to applicant's application received on 8 Dec 2000 & 22 Apr 2003 (IDS documents were considered).

2. The following is an examiner's statement of reasons for allowance:

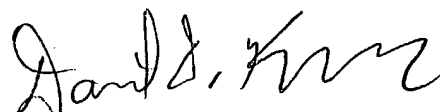

The prior art teaches that it is well known to perform search functions at a second location for the user (first location) and provide collective results. The prior art also shows that it is known for web sites (third location) to provide information directly to the user. However, the prior art that provides search functions at a second location (i.e. – search server) does not teach that it is known to send a request from the second location to a third location to enable the third location to send information directly to the user.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
